*K.G. Ledbetter Photography* grants permission to the client/s to reproduce the copyrighted photos taken by *K.G. Ledbetter Photography*.

The rights to use these images, as well as ownership of original artwork, is retained by *K.G. Ledbetter Photography*. As long as it is not for profit and/or gain, the client may use and reuse the images for personal purposes, print production and/or, Internet distribution.

### Printing Recommendations:

[mpix.com](http://mpix.com) is an online printing store and is my go-to for printing images. The quality is great, price is not too expensive, and your images look almost identical to the professional quality photos I delivered to you! [SimplyColorLab.com](http://SimplyColorLab.com) and [WHCC.com](http://WHCC.com) are more expensive but will give you the best quality professional printing product.

For canvas prints, I use either [easycanvasprints.com](http://easycanvasprints.com) or [canvasonsale.com](http://canvasonsale.com) – they both have competitive pricing and print your images in the highest of quality and detail.

For more detailed information on printing please refer to the **Printing FAQs** in your online gallery.

Thank You!
